Student Logbook

Reference: Research monitoring rules section 2 (VIII)

This graduate research student logbook will record the progress of the student, from the commencement of research until completion of the thesis.

The supervisor and student are required to retain logbooks and record each meeting regarding the progress of research.

The logbook is an official record of contacts between the student and the supervisor(s). It must be produced at quarterly (for MS)/six-monthly (for Ph.D) assessment presentations and must be available for review at any stage during the year as appropriate.

This logbook also requires student to provide information on dissemination of any outputs from the research program in terms of publications and presentations made by the student to both internal and external audiences.
